

The agent experience

Built around relationships and service

At Berkley Aspire we put retail agents at the center of everything we do. This is core to our disruptive business model and we try to demonstrate our commitment to retailers every day.

Surplus lines insurance can be complicated - we make it easy.

Surplus Lines Made Easy

Berkley Aspire delivers value for our agency partners in three ways:

Simple & easy to work with

We offer the right coverage and products for our clients, and have dedicated employees to optimize the experience.

Responsiveness & flexibility

88% of our submissions receive a quote or response in under 48 hours, 90% of our renewals are issued or quoted 30 days in advance, and offer a team of experienced claims professionals adjusting the client's claims.

A company you can trust

With the global uncertainty and accompanying economic concerns, it is reassuring to have a partner with proven financial strength and 50+ year history of W. R. Berkley backing the agent with an A+ (Superior) rating by A.M. Best.
